ERS-307-E

WATER-BASED ROOF RESATURANT

WATER BASED RESATURANT FOR ALL TYPES OF BUILT-UP ROOFING

DESCRIPTION

ERS-307E Resaturant is a highly refined, water-based, environmentally clean blend of asphalts, fillers, and penetrating oils. ERS-307 E penetrates the existing membrane and gives new life and flexibility to the old bitumen. In addition, ERS-307 E remains on the roof surface giving greater surface weatherproofing to the existing roof system.

FEATURES

Allows existing asphalt or coal tar pitch roof membranes to be economically maintained, prolonging service life of the existing roof system. Penetrates and restores flexibility. Contains no asbestos and meets all VOC requirements.

APPLICATION

Apply by spray with standard mastic pump, squeegee, or brush to prepared surface at the rate of 7 gallons per 100 square feet and apply new, washed roofing gravel.

SPECIFICATIONS

Meets ASTMD-2824-76

PACKAGING

This product comes in: 55 Gallon Barrels Weight 500-lbs.
5 Gallon Drums Weight 48-lbs.
