

ERS-8003 & ERS-8004

PREFABRICATED INSIDE AND OUTSIDE CORNERS

ELVALOY PREFAB. CORNERS

DESCRIPTION

ERS-8003 and ERS-8004 are prefabricated inside and outside corners made of the same unreinforced elvaloy as in the ERS-8000-FB and ERS-8000-MA sheets. These products speed installation by eliminating the need to field-fabricate these common details around roof top equipment or at such perimeters such as doorways or parapet walls without cant strip.

APPLICATION

Place ERS-8003/ERS-8004 squarely onto clean, dry ERS-8000 and heat-weld in place.
